## CLAIMS

Please amend claim 7 and add new claim 15.

1-6 (Canceled)

7. (Currently amended) A protector pad for use with a piece of furniture with legs, said pad comprising a flat body of a certain thickness and two pad faces:

- a lower pad face (22) which is soft, destined to slide against delicate surfaces without scratching them and,
- an upper pad face (26) destined to be fixed to the bottom of said leg (28) of said piece of furniture, said flat body being constituted of two pieces, each having a certain thickness : a base (32) and a sole (34); said base comprising a fabric (38) with a superior face forming said upper pad face and an inferior face (36) comprising first means for assembly; said sole comprising a lower layer (46) whose inferior face forms said lower pad face (22), a central layer (48) comprising a reinforced material and an upper layer (42) with a superior face (43) comprising second means for assembly to assemble said sole (34) to said base (32), wherein said first means of assembly comprise a number of grabbing member hooks (36) providing a high shear resistance having a mushroom shape.

8. (Original) The protector pad of claim 7 wherein said second means of assembly (42) comprise fibers forming arches (44).

9. (Previously presented) The protector pad of claim 8 wherein the material of said upper layer (42) of said sole (34) comprises a felt the fibers thereof forming said arches.

10. (Original) The protector pad of claim 9 wherein said felt comprises materials from a group comprising polyester and natural fibers.

11. (Previously presented) The protector pad of claim 7 wherein said
